What Lies Ahead
The latest in Asphalt
Technologies

In today's world, being efficient and effective with resources is the name of the game to keep your customers and tenants returning year

after year. Join us for in-depth training and education related to the unique requirements of your commercial and industrial parking lot installations.

From construction to maintenance, materials to proper pavement design, learn what is required to keep your facility in tip-top shape.

Who Should Attend:

This course is tailored for those who own, manage, specify, consult, construct, or design commercial and industrial parking lots. If you have responsibilities related to these areas, this training is for you.

Tim Murphy, PE, President

Murphy Pavement Technology, Inc.

Tim promotes best practices within the asphalt industry on local, regional, and national levels. He works collaboratively with agencies, associations, consultants, suppliers, and contractors to ensure quality asphalt construction at the most economical price.

Dan Staebell, Northcentral Regional Director

Asphalt Pavement Alliance

Dan has 35 years+ of asphalt paving knowledge working in all facets ranging from estimating, project management, construction, liquid binder technologies, and marketing. Dan works with APA partners; NAPA, AI, and the Regional State Asphalt Paving Associations.

Area Instructors/Professionals

In addition, we will have national and regional experts who will address different facets of parking lot guidance. Experts will have Geotechnical and construction expertise.
